Dear Valued Customer,

We hope you are safe and healthy during this difficult time. Deaton Yacht Service is operating at full capacity and continuing to taking precautions for the safety of our staff and our customers.

We are still mindful of the COVID-19 restrictions and request that owners not come into the office. Our staff are working on vessels and our parts department is open. We are taking orders over the phone (252.249.1180). Parts can be picked up and dropped off outside on a picnic table set aside for this purpose. For any work scheduling and haul out, we ask you to call the office. You are more than welcome to visit your boat or work on your boat. Masks are not required but are recommended when you are off your boat. However, we request you follow the recommended six-foot social distancing protocol. The customer lounge is open only to boat owners at the yard. Please be extra cautious about washing your hands, covering your mouth when coughing inside, being considerate of others who may already occupy the interior space. Everyone has different comfort levels. During these challenging times, we ask everyone be respectful.

We always happy to hear from you and glad to answer any open questions via phone or e-mail.

Please stay safe and enjoy your Summer on the water.

With the best wishes,

DEATON YACHT SERVICE Management
